MELON CLASS
(October-2020 Newsletter)

Dear Parents

It's October and it is going to be cooler day by day.

Now it's the time when the leaves would turn from green to orange and red. Yes it's fall. It is the perfect time to study the unit of fall and enjoy the exciting school events.

Throughout each day, the children experience many feelings, ranging from happiness to sadness. The purpose of this unit is to have the children develop an understanding of feelings. Feelings are something we all share and it is very important that we respect others feelings. We will also explore ways of expressing different feelings.

Your cooperation towards my class and me appreciated as always.

Flutter, flutter little bat,
 How I wonder where you're at.

Swooping through the darkest night -
 You find your way without a light.
