

HAPPY NEW YEAR 2023

January 2023

Dear Parents,

A Happy New Year to everyone! Looking forward to seeing the children back to school. I hope everyone had an awesome winter break.

This month we are going to celebrate our “Culture Day”. In this event the children are going to learn the cultures of various countries such as foods, sports, languages and famous places. They will also learn how to locate the different countries on the map and recognize each national flag. We will also go on an imaginary travel to different countries using passport made by the children. As a host country, Japan, we will make “Nori Maki”. We will also prepare a plate with different kinds of food from different countries. I’m sure this will be a unique and exciting experience for the children.

The children will continue to write short stories, learn more vocabulary, and spell words. In Science, the children will continue learn about the different animals and their habitat.

Again I would like to thank all of you in advance for the support you will extend to us for this whole term.

Have a wonderful New Year 2023. Stay Safe!

Thank you
Ms. Melanie

**Wishing you all a prosperous
New Year!!!**

Songs and Poem

It's a Small World

It's a small world after all

It's a small world after all

It's a small world after all

It's a small, small world

It's a world of laughter and a world of tears

It's a world of hopes and a world of fears

There's so much that we share

That is time we're aware

It's a small world after all

repeat chorus

There is just one moon and one golden sun

and a smile means friendship to everyone

Though the mountains divide and the oceans are wide

It's a small world after all

(repeat chorus)

Poem

Around the World

Some children are brown

Their words maybe different

Some are yellow, and some are red. But they are children just like

Some children are black, white ones too. you

Their colors maybe different- Some lives at nipa huts or bamboos

They are children just like you! Some lives in bungalow or

Some children eat noodle mansion

Some eat rice, some eat breads Their homes may be different

Or mashed potatoes But they are children just like

Their food maybe different but you

They are children just like you. Some are Japanese, Americans

Some children say thank you Indians, English or Australians

and some says arigatou Their countries maybe different

Some says mahalo but they are children just like you.

So much would be different but all children are alike.
