July 2023

Dear Parents,

Summer is just around the corner. We can already feel the high temperature.

Though this month is quite short, we will make sure that each day will be filled with exciting activities. One of the activity is making wishes and decorations for the Star Festival (Tanabata).

The children will continue to study the followings: reading short stories, words and sentences, phonics, vocabulary, spelling, writing words, Math (mix of addition/subtraction, and fractions), Science and craft related to summer.

As the temperature is getting higher and higher, we are requesting the children to bring their swim wears and towels so they can splish and splash on the water.

July 18 is the last day of our class for this term. Please don't forget to bring back home the indoor shoes and extra clothes.

I wishing everyone to have a great summer vacation. See you all on September 1, 2023!

Thank you, Ms. Melanie
