February 2026

Dear Parents,

It has been wonderful to explore the cultures of different countries. I personally enjoyed our imaginary trips around the world. The children learned how to locate various countries on the map and recognized the flags of each nation they studied.

Time flies so quickly, we are now in the second month of the year. This month, we have exciting activities planned, including Setsubun (mame-maki) and Valentine's Day celebration. To make the day special, the children will make cards, chocolates, flowers and wear red shirt or dress on February 13, 2026.

Before the lesson in the morning, we will have a Circle Time to share ideas about "Safety." The children will also learn more about the topic during our Science class. As part of the theme, we are planning to visit Bosaikan in Ikebukuro. The trip is tentatively scheduled for February 24, 2026, Tuesday. For further information about the trip will be shared later.

For academic, the children will continue to spell words, write sentences and short stories, solve simple math problems, Science and learn adjectives words.

We will have an individual Parent Teacher's meeting on the following dates February 16- 20. Sign- in paper will be posted.

Thank you for your support and cooperation.

I would like to wish you all a Happy Hearts Day!

**Best Regards,
Ms. Melanie**
